Air India a responsibility, not just business: Tata Sons chief

PRESS TRUST OF INDIA
Mumbai, November 29

TATA SONS CHAIRMAN N Chandrasekaran on Saturday said Air India, which is undergoing a transformation, is not just a business opportunity but a "responsibility" for the Tata Group.

The aviation sector faces continuous challenges, he said, adding that the global supply chain issues make availability of parts, infrastructure and new fleet pretty unpredictable.

"Every plan that you have is becoming difficult because of the situations that you face in this area," he said.

Chandrasekaran also mentioned that the aviation is a very capital intensive business and also the margins are thin.

At an event in the city to celebrate the 121st birth anniversary of JRD Tata, Chandrasekaran said, "I firmly believe for the Tata Group, Air India is just not a business opportunity. It's a responsibility."

Tata Group acquired loss-making Air India along with Air India Express in January 2022, and since then, the group has been working on an ambitious five-year transformation plan. However, the progress has been slower than expected due to various factors, including global supply chain woes resulting in aircraft upgradation as well as delivery delays.

Highlighting the potential of the country's aviation sector, Chandrasekaran said every single percentage growth in GDP will give a 2% growth for the domestic aviation sector.

"India grows 8%, the aviation industry grows 16%. And this game will play out, and will be continuing for a long time, at least the next three decades," he said.

"So this is going to be a very exciting phase of economic growth, and for the aviation sector in particular."

UNDERGOING TRANSFORMATION

- The aviation is a very capital intensive business and the margins are thin, he said
- The global supply chain issues make availability of parts and new fleet unpredictable
- Tata Group acquired loss-making Air India along with Air India Express in January 2022

CEA launches repository of districts' data

CHIEF ECONOMIC ADVISOR V Anantha Nageswaran launched FLAME University's Centre for Knowledge Alternatives' District Project and its digital portal on Saturday. Starting with Maharashtra, the project will expand to other states aiming to map, document and create hub of local data and cultures across India's districts. It will offer district-level statistics and cultural insights by blending data with narratives to provide a deeper understanding of local realities.

"The Districts Project represents a significant step toward enhancing India's development discourse through localised, grassroots understanding. By combining cultural narratives with rigorous economic and social data, this initiative enables policymakers, researchers, and citizens to view India not just as an abstraction but as a collection of lived experiences shaped at the district level. Reliable, detailed, and participatory data like this can meaningfully inform policies and resource allocation, ultimately enabling more inclusive and context-aware governance," Nageswaran said.

Govt, ADB sign $800 million loans for development projects

PRESS TRUST OF INDIA
New Delhi, November 29

THE GOVERNMENT OF India and the Asian Development Bank (ADB) has signed agreements for three loans worth over $800 million for projects in Maharashtra, Madhya Pradesh and Gujarat.

Accordingly, the loan agreements for the Maharashtra Power Distribution Enhancement Programme for Agricultural Solarisation ($500 million), Indore Metro Rail Project ($190.6 million), and Gujarat Skills Development Programme ($109.97 million) were signed, a finance ministry statement said on Saturday.

In addition, a Technical Assistance (TA) grant of $1 million was also signed to provide implementation support for the upcoming Sustainable Wetland and Integrated Fisheries Transformation (SWIFT) Project in Assam.

The Maharashtra project aims to modernise rural power infrastructure, promote distributed renewable energy generation, and improve agricultural productivity by providing farmers with reliable daytime solar electricity for irrigation.

"By 2028, the programme aims to provide daytime electricity to at least 900,000 agricultural consumers. Key components include modernising Maharashtra's electricity distribution network for renewable integration, entailing upgradation of substations, installing transformers, building high- and low-tension lines, and deploying 500 MWh of battery storage," it said.

The Gujarat projects aim to equip the state's workforce with industry-aligned, advanced skills to boost job-readiness in high-growth sectors.

These sectors include logistics, automotive, manufacturing, information technology, renewable energy, healthcare and agri-tech. Led by the state's Labour, Skill Development and Employment Department, it added.

The loans have been signed for development projects in Maharashtra, Madhya Pradesh and Gujarat

Lenskart Q2 profit up 20% to ₹103.5 cr

FE BUREAU
Bengaluru, November 29

EYEWEAR RETAILER LENSKART reported a 20% year-on-year increase in net profit to ₹103.5 crore in Q2FY26, according to regulatory filings. The company reported a 21% y-o-y rise in revenue from operations at ₹2,096 crore, as compared to ₹1,735.7 crore in the year-ago period, for its first quarterly results post listing.

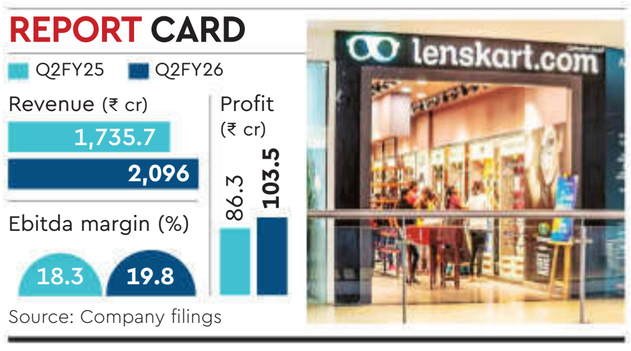
Most of the revenue growth came from higher volume, as the company sold 8.3 million eyewear units in the September quarter, 20% more than in the same period last year. Its international business also posted a 26% rise in revenue. Overall, Ebitda margins expanded to 19.8% during the quarter, from 18.3% in the same period last year.

"In both Q2 and H1, our stores delivered around 15% same store sales growth (SSSG), consistent with FY25 levels. Beyond SSSG, we achieved nearly 20% same pincode sales growth, indicating that we are gaining market share within micro-markets rather than cannibalising existing stores," the company noted in its shareholder letter.

While temporary uncertainty around potential GST revisions for prescription eyewear led to some customers deferring purchases into October, Lenskart still had strong growth in Q2, and the demand has further strengthened in Q3, it added.

The company added 203 net new stores during the quarter, taking the total number of stores to 2,270, including a higher number of store additions in tier 2 and 3 cities. Lenskart has plans to add 450 net new stores this fiscal.

REPORT CARD



Anant Goenka takes over as FICCI prez

ANANT GOENKA, VICE-chairman of RPG Group, on Saturday took over as FICCI President for 2025-2026, the industry chamber said.

He has replaced Harsha Vardhan Agarwal, vice chairman and managing director, Emami, a FICCI statement said.

Anant has an MBA from the Kellogg School of Management and a BS in Economics from the Wharton School, University of Pennsylvania, the chamber said.

Vijay Sankar, the chairman of The Sanmar Group, has taken charge as Senior Vice President of FICCI.

Puneet Dalmia, managing director and CEO, Dalmia Bharat, is the new Vice President of the chamber, the statement added.

Crisil raises GDP growth forecast to 7% this fiscal

PRESS TRUST OF INDIA
Kolkata, November 29

CRISIL HAS RAISED its forecast for the country's GDP growth to 7% from 6.5% for the current financial year, following the first-half growth of 8% that exceeded expectations.

Chief economist of Crisil, Dharmakriti Joshi, said that India's real GDP growth stood at 8.2% in the second quarter, exceeding expectations.

However, due to easing inflation, the nominal GDP growth was modest at 8.7%.

The first half growth of 8% and an expected slowdown to 6.1% in the second half is due to the impact of higher US tariffs, Joshi said.

According to Crisil, private consumption was the main driver of higher real GDP growth. From the supply side, growth in manufacturing and services saw a significant rise. Joshi said lower food inflation stoked discretionary spending in the country.

Joshi said that the third quarter is expected to continue benefiting from these tailwinds. While government investment will stabilise likely, there could be a belated uptick in private investments, he added.

The rationalisation of GST rates is boosting private consumption, complementing reduced income tax and interest rate cuts induced by repo rate cuts by the Monetary Policy Committee of the RBI.

EXCEEDING EXPECTATIONS

- Private consumption was the main driver of higher real GDP growth, the rating agency said
- Lower food inflation stoked discretionary spending in the country
- The third quarter is expected to continue benefiting from these tailwinds

CJI streamlines listing of cases

CHIEF JUSTICE OF India Surya Kant has taken steps for streamlining listing of cases with effect from December 1 and circulars have been issued for listing and mentioning of cases.

According to the circular, there is no necessity for the litigants to mention their case before the bench for listing as the fresh cases will be listed automatically. "All fresh cases involving liberty of individuals and where urgent interim orders are sought for, where the case is verified, after curing of defects, will be listed within next two working days. "In order to ensure expeditious disposal of all bail petitions, advance copy shall have to be served on the concerned Nodal Officer / Standing Counsel for the Respondent '? Union of India / State / Union Territory," the circular stated.

Notes :-

1. The above financial results have been reviewed by the Audit Committee and approved by the Board of Directors at their respective meetings held on 29 November, 2025. The Statutory Auditors have also carried out a Limited Review of the unaudited financial results for the quarter and half year ended 30 September, 2025.
2. TThe above is an extract of the detailed format of the standalone and consolidated Financial Results for the quarter and half year ended 30 September, 2025, filed with the Stock Exchanges under Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The full format of the standalone and consolidated Financial Results for the quarter and half year ended 30 September, 2025 are available on the Stock Exchange websites (www.nseindia.com and www.bseindia.com) and Company's website (www.parsvnath.com).
3. The Company has incurred cash losses during the current and previous periods/year. Due to recession in the past in the real estate sector owing to slowdown in demand, the company faced lack of adequate sources of finance to fund execution and completion of its ongoing projects resulting in delayed realisation from its customers. The company is facing tight liquidity situation as a result of which there have been delays/defaults in payment to lenders, statutory liabilities, salaries to employees and other dues. However, considering substantial improvement in real estate sector recently, the Management is of the opinion that all such issues will be resolved in due course by required finance through alternate sources, including sale of non-core assets.
4. Figures for the previous quarter / period have been regrouped, wherever necessary, for the purpose of comparison.

PM's Museum & Library archives to be digitised

ANI
New Delhi, November 29

THE PRIME MINISTER'S Museum and Library (PMML) has taken a major step forward in expanding access to its vast archival resources. PMML is undertaking a comprehensive digitisation project of its rare archival collection, which includes personal papers, correspondence, speeches, diaries, and newspaper articles, the Ministry of Culture said on Saturday. PMML houses one of the world's largest collections of rare archival materials, comprising over 25 million documents belonging to more than 1,300 individuals and organisations. These records are regularly consulted by bona fide researchers and scholars studying Modern and Contemporary Indian History, This transformative effort ensures long-term preservation of fragile documents while enabling restricted remote access for genuine research scholars. A substantial portion of the frequently accessed material has already been digitised, uploaded, and made available through the newly developed system, ministry said.

A dedicated IT Platform has been created to facilitate remote access to these Digital Archives. Registered scholars may now submit online requests to view specific archival documents without needing to visit the PMML premises. Once approved, the requested materials will be securely made available on the scholar's desktop for viewing only.

IndiGo to expand Navi Mumbai routes

ANI
Maharashtra, November 29

INDIGO ON SATURDAY announced new direct routes and increased flight frequencies from Navi Mumbai International Airport (NMIA).

"IndiGo, India's preferred airline, announces the launch of new direct routes and frequency additions from the Navi Mumbai International Airport (NMIA), further strengthening connectivity from the newly inaugurated airport to destinations across the country," read the company's release.

The airline will operate daily flights between NMIA and Coimbatore, as well as between NMIA and Chennai, starting December 29, 2025. Additionally, IndiGo will offer 5x weekly flights between NMIA and Vadodara from December 30, 2025, and increase frequency on the NMIA-North Goa route from December 26, 2025.

This expansion solidifies IndiGo's role in developing NMIA as a strategic aviation gateway, supporting regional growth and investment, added the release.
